December 7, 2010

**FREIGHT ALL KINDS AND FAK LOGISTICS JOIN U.S. EPA SMARTWAY TRANSPORT® PARTNERSHIP**

**Denver, CO – FAK and FAK Logistics** today announced that it joined the SmartWay<sup>SM</sup> Transport Partnership, a innovative collaboration between U.S. Environmental Protection Agency (EPA) and industry designed to significantly reduce greenhouse gases and air pollution.

**FAK and FAK Logistics** will contribute to the Partnership's goal to reduce 33 to 66 million metric tons of carbon dioxide and up to 200,000 tons of nitrogen oxide per year by 2012 by improving the environmental performance of our freight operations. Carbon dioxide is the most common greenhouse gas, and nitrogen oxide is an air pollutant that contributes to smog. By joining SmartWay Transport Partnership, **FAK and FAK Logistics** demonstrates its strong environmental leadership and corporate responsibility.

**“FAK and FAK Logistics are committed to running safe operations, which include being good corporate citizens and helping to clean up our environment”**, said Mike Collins, Director of Safety and Compliance. Launched in February 2004, the SmartWay Transport Partnership brings together major freight shippers, trucking companies, railroads, logistics companies and trade/professional associations to pursue mutually beneficial strategies that result in emissions reductions and other environmental improvements, as well as cost savings to the companies. The Partnership currently has over 2,600 Partners.

**Founded in 1983, Freight All Kinds offers transportation solutions and services through its various subsidiaries and partner companies to shippers and trucks nationwide, including over-the-road highway, rail intermodal, 3PL logistics, financial factoring, and truck administrative services.** For more information about these services, please visit [www.fakinc.com](http://www.fakinc.com), or call 800-321-7182.

For information about the SmartWay Transport Partnership visit [www.epa.gov/smartway](http://www.epa.gov/smartway).
